ShanWhy Choose us?

1. not limited \$xmlesc; recycled raw materials

Paulownia is one of the fastest growing species in the world and can grow at a rate of more than seven feet per year for seedlings, but highly appreciated and cultivated in Asia, so Paulownia is unrestricted and recycled raw materials, and we have got FSC certified Paulownia.

2. Competitive. Price \$xmlesc;

Each month we have not less than 10,000 cubic meters of warehousing, and then we can promise to load time and support competitive prices.

3. QC.

More than 20 QC inspectors have to control quality at every step.

4. Mixing containers with shutters and shutters of different materials

We produce shutters and shutters with different materials. Used for blinds, with paulownia wood/wood pvc shutters and shutters assemblies, wooden curtains, including wood and paulownia

wood shutters, and shutters assemblies. You can save your costs by shutters and shutters in a container, or by completing shutter and shutter components in a container.
