ADD : NO.8 Industry Zone Zhuangzhai

Why choose us?

1. Not limited & Regenerative raw materials.

Paulownia is one of the fastest growing trees in the world, capable of growth rates of more than seven feet per year as seedling, but although it is highly appreciated and cultivated in Asia, Paulownia is not limited and regenerative raw materials have an FSC certificate for paulownia.

2. Competitive price & Delivered on time.

Every month we have no less than 10,000 cubic meters of storage space, we can promise time and support a competitive price.

3.QC.

More than 20 inspectors to check the quality at every step.

4. Both shutters and blinds with different materials for you to mix container

We manufacture both shutters and blinds with different material. For shutters, with paulownia wood / Basswood / PVC woodblind and shutter components, for wooden blinds, including both

basswood and paulownia wood blinds and venetian blind components. You can store shutters and blinds in one container or completed shutter and shutter components in one container to save costs.
